

# Faith Construction: The Holy Bible

## Week 10

### What Are You Talking About?

Have you ever noticed that the people who care for you find a number of ways to express that?

God is no different. He also expresses His love and caring for us in a number of ways. I'm not even going to try to list them all. We've talked about His coming to us when we couldn't and wouldn't connect ourselves with Him. We've talked about His sacrificing Himself for us. His joining Himself with us in Baptism. We've talked about His coming to us often Holy Communion so that we might again and again be assured that he forgives us and does all that He can to keep our relationship with Him strong.

In this session, we are pointed to His way of letting us know who He is and what He does to enable us to be one with Him. He wants us to know how important we are to Him.

God knows that we would never be able to grasp all there is to know about Him or all that He does for us. For this reason the Bible is not a history book or a science book and not even an autobiography. God's purpose with the Bible is to have us live in union with Him. That has been and will always be His concern.

He expresses this through the Apostle John in John 20:30-31:  
*In His disciples' presence Jesus performed many other miracles which are not written down in this book.  
But these have been written in order that you may believe that Jesus is the Messiah, the Son of God, and that through your faith in Him you may have life.*

**Goal:** To see how God uses the Bible to share Himself with us.
